Period Covered by Bills

Local service charges are billed for one month in advance of the billing date. Out-of-town calls and telegrams are billed for one month prior to the billing date.

Bills to New Subscribers

These will include charges from the date service begins up to the billing date, as well as the advance monthly charge.

Bills Following Changes in Service

The first bill will include an adjustment between the old monthly billing charge and the new, from the date of the change to the billing date.

SUGGESTIONS FOR BETTER SERVICE

Be sure you have the correct number. Most "wrong numbers" happen because the person calling has the wrong number in mind or is using an old list.

Please answer calls promptly. It saves time to say "This is Mr. Blank," or "This is the Blank Store, Mr. Blank speaking," rather than to answer "Hello."

Be sure to give the person you are calling time to answer before you hang up.

If you want to signal the operator, move the hook slowly up and down. A rapid movement does not signal the operator. The same applies to the movable bar of the hand set. If your telephone has a crank for ringing, you should place the receiver on the hook, turn the crank and remove the receiver.

If you have a party line telephone, be careful not to lift the receiver while the telephone is ringing. If you do, the other telephone on the line will also ring.

RIGHT

WRONG

RIGHT

WRONG

There is a right and a wrong way to do everything—including even such a simple thing as using the telephone.

Transmission of conversations carried on in the two incorrect examples is only one-tenth to one-fiftieth as good as in the others.

GENERAL INFORMATION

If you want your telephone moved, or a new one installed, notify the Business Office—9900—by telephone, mail, or in person. At least five days' notice will help prevent delays.

Inquiries about telephone facilities, directory listings or advertising, adjustment of accounts, or any other matter affecting your service, should also be made to the Business Office.

The Telephone Directory

This directory is the property of the Company. To prevent mistakes, we ask that it be returned when a later one is issued. The Business Office will replace copies lost or mutilated.

Additional listings and advertising may be arranged for through the Business Office.

Directory Errors

We make every effort to have listings absolutely correct. It will help us if you will check your own listings, and if incorrect, notify the Business Office at once so that we may adjust our records for the next issue and meanwhile protect your service.

Advertising Telephone Numbers

Those who anticipate large numbers of incoming calls, such as retail stores and professional people, find it advantageous to display their telephone numbers on advertising, stationery and other printed matter. This is wise, but we urge care in printing such quantities as will not involve a loss should a rearrangement of telephone facilities make necessary a change in the telephone number at some future time.

Telegrams by Telephone

If you wish to send a telegram, cablegram or radiogram, call the Postal Telegraph-Cable Company or the Western Union Telegraph Company according to instructions shown under their listings. Where no listing appears for your lo-

cality, call the telegraph company desired by name. Charges will appear on your telephone bill.

You may also send telegrams from public telephones, depositing the charges in the coin box.

Identification of Employees

Employees who are authorized to examine, exchange or remove any of this Company's apparatus carry a badge, showing a "Bell," the Company's name and a number.

Attachments to Telephones

The Company does not sanction the use of special devices attached to its telephones, except those furnished by it. The Bell System is constantly developing apparatus and equipment designed to improve the service and we are anxious to make it available to the users. Unauthorized attachments, supposedly an added convenience, may actually be detrimental to good service.

Visits to Company Property

The Company is glad to welcome telephone users at its exchanges, between 8:30 a. m. and 5 p. m., on any day except Sunday or holidays. The operation of our switchboards and other features of our business are of great interest to thousands of people who have seen them. Just ask for the Chief Operator

THE SIMPLICITY OF OUT-OF-TOWN CALLS

Out-of-town calls are almost as easy to make as local calls and in most cases they go through while you hold the line.

Here are some suggestions to help you decide whether the lower-priced station-to-station call will serve your needs or whether a person-to-person call is necessary.

Station-to-Station Calls

On such calls you agree to talk to anyone who answers or who may be called to the distant telephone.

This is the cheapest form of out-of-town call and, except to nearby points, the charges are lower at night and on Sundays, as shown on page 6.

If you do not know the number, you can get it by asking "Information." Then say to your local operator, for instance, "I want Pittsburgh, Pennsylvania, Lehigh 9375."

If you have not obtained the number from "Information" or wish to make the call "collect," call "Long Distance." Then say, "I want anyone at Alfred Green's residence at 927 Park Avenue, New York." Be sure you do not specify any particular person with whom you wish to talk.

Charges do not begin until the called telephone answers. There is no charge if the call is not completed, except for a small report charge in the case of a "collect" call on which the called party will not accept the charges.

Person-to-Person Calls

On such calls you wish to talk to a particular person.

The charges are higher than for station-to-station calls. Except to nearby points, the charges are reduced at night and on Sundays. For typical charges, see next page.

To make a person-to-person call, call "Long Distance" and say, for instance, "I want Mr. James Grove at Pittsburgh, Pennsylvania, Lehigh 4400."

If you do not know the number, say, "I want Mr. James Grove, 965 East Avenue, Pittsburgh, Pennsylvania."

If the called telephone is reached but the person desired is not available, a small "report charge" is made to compensate the Company for the work done.

Appointment or Messenger Calls

The Long Distance Operator will arrange an appointment in advance to be sure that the called party will be at the telephone when you call. A messenger will be sent to reach him, if necessary.

Charges are the same as for person-to-person calls, but an additional charge is made for the messenger service.

Collect Calls

Charges for any out-of-town call will be put on the bill of the called party, if someone at the called telephone agrees to accept the charges.

Reversal of charges is permitted on all classes of toll service except calls to Mexico and overseas calls. No additional charge is made for this service, except that a somewhat higher rate applies on station-to-station calls where the rate is 20c or less. Rates may be obtained by calling "Long Distance."

To Ascertain Charges

If you wish to be told the charge on any out-of-town call, ask the operator when you make the call. After you hang up the receiver, the operator will compute the charge and call you back.

Rates from Baltimore to Selected Out-of-Town Points

Rates to these points from exchanges listed in this directory will be slightly different, in most cases, from the rates listed below. Exact rates from your telephone to any point may be obtained by calling "Long Distance."

All rates quoted are for 3-minute initial periods except for station-to-station calls of 25c or less for which a 5-minute initial period is allowed. Charges of 50c or more are subject to government tax. For rates to other places call "Long Distance."

HAND TELEPHONES

Available in Two Styles

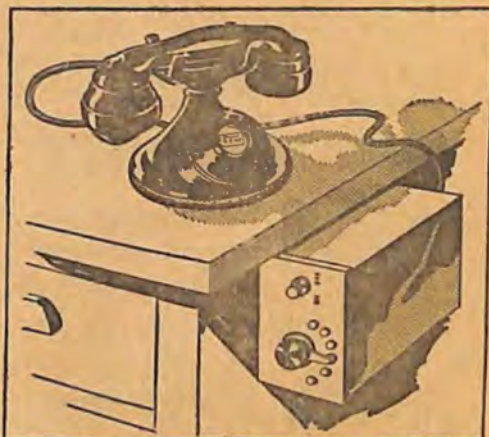

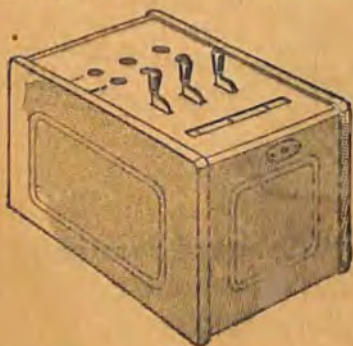

The familiar cradle-type hand telephone is a combination of utility, convenience and good looks. It is preferred in most homes and offices. • The hang-up type hand telephone allows more desk working space and yet is in easy reach for instant use. It is also ideal for home kitchens and other locations where there is no table space.

INCREASED TELEPHONE

USEFULNESS

By means of this simple equipment (in several sizes)—all incoming telephone calls may be answered at a central point or any one of several locations. ☆ It can be adapted to any business telephone layout—large or small. ☆ It is particularly suitable for professional offices, small order departments and brokers' offices.

IF YOUR HEARING IS IMPAIRED

... an amplifier can be attached to your telephone. ☆ It has several stages of amplification and enables most persons with impaired hearing to enjoy the use of a telephone. ☆ Special bell or light signals are also available.

PORTABLE

TELEPHONES

Ideal for guest rooms, club rooms, dens, sun rooms, and other occasionally used places. • Many modern hospitals, restaurants, beauty parlors and barber shops have portable telephones for the convenience of their patrons.

FOR INFORMATION about these or any other items of telephone equipment, call the Business Office

Telephone 9900

INCREASE THE USEFULNESS OF YOUR TELEPHONE

With this little box you can make one telephone do the work of two or more. ☆ This is one of several devices that have intercommunicating, holding, pick-up and privacy features. ☆ Ideal for homes or offices having two or more telephones

WHY BE A HAWKSHAW?

There's no need to track down who
sells it. Find him quickly in this
directory and shop by telephone.

Bell System Service

Every day the telephone becomes
more essential as a business getter.
Used as a salesman, it provides
an easy, rapid and direct means
of communication with buyers in
out-of-town points, at an exceed-
ingly moderate cost. It is an
invaluable ally to the sales force.

THE CLASSIFIED TELEPHONE DIRECTORY**

"Where Have You Been All My Life?"

"I'VE always had a telephone—but I never got half the use out of it I do now.

"Why, I can remember when I used to get dressed and plod all over the place to do all sorts of things that the telephone now does for me.

"So many of my friends have telephones now that I call up more about parties, sick friends and just to chat.

"Then of course I shop a lot by telephone I got the idea of telephone shopping from the advertising of the stores I deal with. They certainly know what pleases us women!"

"Thanks for calling, dear.
I was beginning to worry."

"Thought I'd let
you know that
I arrived safely."

The traveler knows his telephone. It reserves his hotel room. On arriving it notifies his family. It tells them when he'll be home. Fast, sure, and cheap.
